Dear Valued Patient,

We are once again participating in a national patient survey through COA (Community Oncology Alliance). We would very much appreciate you taking the time to complete this survey. This can be done online or by paper.

- ONLINE- [Click Here](#) this link will direct you to a registration page. Once there click "Register Here" in the bottom right paragraph. From there you will enter "Andrews and Patel Associates" as the practice, select your location and your Doctor. (You will see additional fields for email address, password, and name, those fields are not required.) After you have completed the 3 mandatory fields click "Next Page" to begin the survey.
- PAPER- Paper copies are available at the front desks. Please feel free to complete the paper survey and return it to any staff member. We will gladly provide an envelope for your survey if you wish.

Additionally, one of the office managers or I may ask if you would be willing to personally share your feedback during your office visit.

We are committed to providing you with exceptional care. Thank you in advance for taking time to share your thoughts with us.

Sincerely,

Azlynn N. Swartz, RN, BSN, OCN
Practice Administrator
